

ShopLink: Fruit & Veg Tile

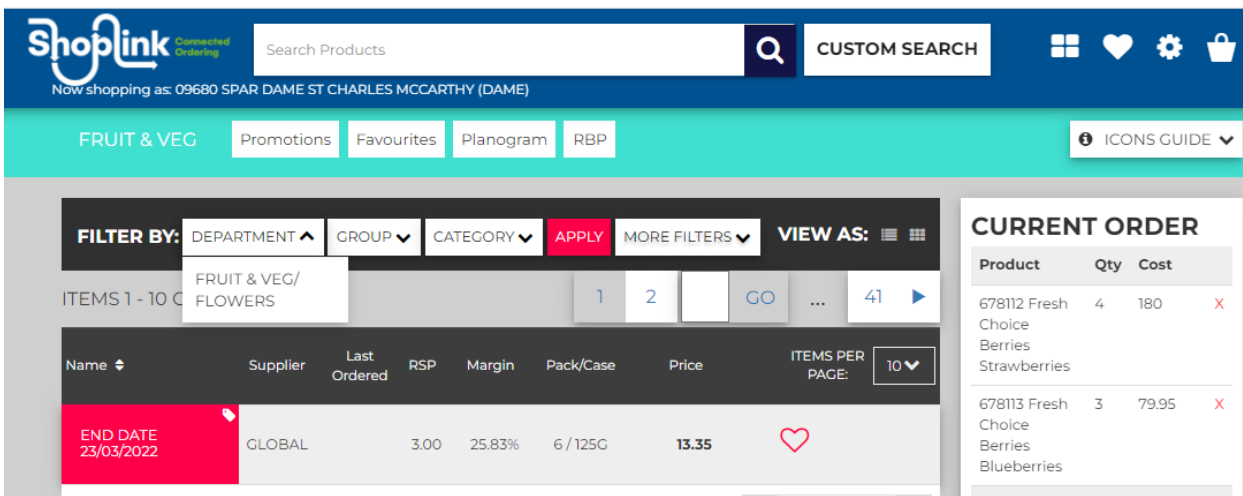

Following consultation with our retailers, ShopLink now has separate Chill and Fruit & Veg tiles.

The Fruit & Veg tile has products that are order on Day 1 and deliver on Day 2.

The Fruit & Veg tile has all the same great functionality as the Chill depot, the only difference is the range.

Separating the range enables you to focus exclusively on your time-sensitive Fruit & Veg order.

FAQ:

Q1) I can still see fruit and veg products under the Chill tile?

A1) Yes, that is because not all fruit and veg lines are order day 1, deliver day 2.

Q2) I cannot see my previous Chill orders in the Fruit & Veg tile?

A2) Old previous orders will remain under the Chill depot, orders placed in the Fruit & Veg tile will appear here.

Q3) I cannot see my Favourites from Chill in the Fruit & Veg tile?

A3) As this is a new tile, you will need to re-create your fruit and veg favourites here.
